

## INTRODUCTION TO HOMEOPATHY

A six-week course on the theory and practice of classical homeopathy  
By **Natasha Despotovic** and **Bill Dennis**

**FEBRUARY 27, MARCH 6, 13, 20, 27 AND APRIL 3**  
**MONDAYS 6:30 – 8:30PM**  
**\$ 120**

Homeopathy is a healing science and art that has been practiced with great results for two hundred years around the world. It is safe, non-suppressive and balances and cures on the physical, emotional and mental level. Although it is a very complex and profound teaching and practice, it is very easy to get started helping yourself, family and friends.

We will learn the basic principles of homeopathy and how to address the most common daily health challenges. We will practice together and exchange experiences on how to listen to the patient and identify his symptom picture, understand what and how to prescribe and treat and prevent acute and chronic diseases. As we progress in the course, you will be able to start using homeopathic remedies and witness their effectiveness.
